

News Alert - January 2012

The new RC-82 two-button remote control

This new keyfob remote control features an **attractive new weather-resistant design** and is used for the **remote control** of **Oasis** alarms systems and **CA-1802A / 1803A and CA-340** car alarms. It can also trigger **panic alarms** and **control** various devices. It monitors its own **battery voltage** reporting a low value wirelessly to a control panel. The **child-lock** feature prevents unauthorized use by kids.
